*Dear Partner,*

## **CAMINEX 2026 with expected good Recovery in the Mining, Manufacturing, Services and Energy Sectors**

*[06 November 2025, Kitwe, Zambia]*

The Zambian economy is expected to grow as Mining, Services and Manufacturing Sectors begin to recover as a result of the global Copper prices which remain at an all-time high. The challenges of the energy sector and recovery from low electricity power supply have brought about innovations to keep industry operations running. In the midst of all these possibilities, **The Copperbelt Agricultural and Commercial Show Society (CACSS)** is yet again happy to deliver the **CAMINEX 2026** Expo from the **19<sup>th</sup> to 21<sup>st</sup> May** at the Show Grounds in Kitwe, Zambia.

CAMINEX, Zambia's leading premier and industrial business show will be show-casing the latest in products, machinery, technology and services across all sectors. Furthermore, the "free-to-attend" seminars and technical presentations bring forth information on trends and technologies that support growth in the various industries.

The CAMINEX brand has been transformed over the years to become Zambia's leading industry and networking business platform that attracts a host of local and international exhibitors and thousands of visitors.

CAMINEX is well supported by the Government of the Republic of Zambia (GRZ), the mining companies and the various industry associations, Stakeholders and Players. The show brings together industries from across various sectors into a single business hub where marketing and transactions can take place and where valuable stakeholder partnerships can develop. The visitors to **CAMINEX 2026** will have the opportunity to network with industry and academic professionals to get firsthand advice from experts, view equipment and machinery demos, knowledge and skills shared at the daily business seminar presentations.

Entrance for visitors is free and registration to attend can be done online prior to the event or at the registration desk available on site.

Visitor feedback to CAMINEX 2025 was positive. There was increased brand awareness, sales leads and acquisitions of new customers as the major reasons they had a positive outlook. The show received strong support from government and industry associations with endorsements from the Ministry of Mines and Minerals Development; the Ministry of Commerce, Trade and Industry, the Ministry of Agriculture; the Ministry of Fisheries ad Livestock; the Zambia Chamber of Mines; the Kitwe District Chamber of Commerce and Industry.

The Board Chairman of CACSS, Mr. London Mwafulilwa, says, "We are delighted with the number of exhibitors this year coming on board it is an endorsement of what the event means to the Copperbelt and to business in the region".

He looks forward to continued support from all partners in the various sectors of the economy which include industry, government and the various regulatory bodies.
